Subject: FW: Sprayer estimate

This is all I can get you for now with such short notice.

Subject: Sprayer estimate

Tom,
The valves that we believe your sprayer needs would cost $1306.03 each. Three valves and 2hrs labor would run approximately $4118. We have not seen this unit since March of 2015, so I cannot guarantee that it will not need more work. When it was in the shop last year for inspection, we were not certain that the spray control valves would resolve the issue. Through our experience with Toro sprayers, that is our best estimate. Let me know if you need anything else.

Thank you.
