Additional City of DeBary Code of Ordinances Requirement

Sec. 14-73. - Above-ground pool safety barrier.

- _____ All pools constructed above ground are required to have an additional barrier around the pool area to ensure compliance with the swimming pool code as adopted. Such additional requirements may include a fence around property, (fencing must meet barrier requirements), screen enclosure of the pool area, etc. In either case the barrier must be approved by the city.

I (We) understand that not having one of the above installed at the time of final inspection, or when the pool is completed for contract purposes, will constitute a violation of F.S. Chapter 515, and will be considered as committing a misdemeanor of the second degree, punishable by fines up to \$500 and/or up to 60 days in jail as established in F.S. Chapter 755.
