Subject: Re: Questions and requests for more information

Dan,

In light of this email, I would like a clear response to all of Ms. Pulver's questions & the records mentioned prior to the public meeting on the 18th, (preferably by today) as part of my preparation and research on behalf of the residents as their elected Mayor.

To be clear, this is an inquiry to fulfill my duties, not direction to staff or a public records request.

-Clint
