Subject: Public Record Requests

Hello,

I want to fulfill your public record requests, as I have said many times. There will be no charge for most but some of the requests will require extensive use of information technology and a great deal of clerical or supervisory time. My estimate of the costs for researching, gathering, & redacting those records is below. Please advise if I've missed any.

- All city related emails outside of my @debary.org account.
- All records related to the state of the city mailer.
- All records related to the flyer distributed prior to the public hearing.
- All my Facebook Activity Logs. (60 hours @ \$46 = \$2760)
- All my Twitter & Instagram activity.
- All records relative to Team Clint activities including bike trip, no-shave, head buzz, etc. *These activities were personal ventures in which the city formally refused to participate so they are not public records. However, in an attempt to satisfy your desires and put this issue behind us, I am willing to fulfill the request. (10 hours @ \$46 = \$460)*

If any documents need to be print copied the charge will be .15/page. I believe all records can be delivered digitally unless otherwise requested. The charge for a 32GB USB drive is \$8.99.

To proceed, the total estimate is \$3228.99, payable in advance. Any expected increase or decrease in the total will be noted as the request is fulfilled. Any paid overages will be returned with final delivery of the records & any shortages will be due upon final delivery.

Thanks,

-Clint
