XII. New Business

1. Traffic Enforcement Agreement for Riviera Bella Property Owners Association.

Ms. Hammock stated that the Florida Statutes allow for traffic enforcement on private streets; that currently, the Volusia County Sheriff's Department does not patrol the subdivision because it is a private, gated community; that the Riviera Bella Property Owner Association will be responsible for maintaining, installing and repairing the traffic control devices; and that the association will be required to provide the City proof of liability insurance prior to or at the time of execution of the traffic enforcement agreement.

Roger VanAuker, representative for Riviera Bella, stated he had previously submitted the certificate of insurance to the City as required by the agreement, although it had not been included in the Council's packet.

Mr. Parrott said the Council could adopt the agreement subject to the insurance being in place at the time of execution.

Mr. Ardaman noted that the agreement is contingent upon the City's receipt of the certificate of insurance. Mr. Parrott said he would ensure that the certificate is obtained from Riviera Bella.

Mayor Garcia made a motion to approve the agreement contingent upon the receipt of the required insurance. Council Member Lenzen seconded. The motion passed unanimously.

2. City Manager Evaluation.

Mr. Parrott stated that his contract requires an evaluation the first meeting in June.

Vice Mayor Erickson suggested it occur in August, which would be six months after he was hired, and then every August thereafter.

Mayor Garcia said he does not feel it would be fair to Mr. Parrott to evaluate him so soon and suggested they postpone it until June of 2011.

Mr. Parrott said he would prefer feedback from the Council in August as opposed to waiting another year. There was consensus to evaluate the city manager in August. Mr. Parrott said he would bring back an amendment to the employment agreement at the next meeting on June 16th. He asked the Council for permission to strike the sentence regarding the lunch break. There was no objection from the Council.

He informed everyone that there is proposal to ask voters if they would approve a one cent increase in sales tax to fund transportation. He stated that Volusia County is already the highest taxed county in the State. He asked the other members to think about it as MPO would eventually ask each city to take a position on the issue before it eventually goes to a voter referendum.

Mayor Garcia said would be scheduling a meeting soon with Congressman Mica for the Bayou restoration.
