

MEMORANDUM

TO: DeBary Residents

FROM: Ron McLemore, Interim City Manager

DATE: October 13, 2016

SUBJECT: Storm Cleanup

Although we are ahead of most cities in the Hurricane Matthew debris cleanup, some equipment breakdowns not uncommon in this kind of work have slowed our progress. As a result, the contractor will be working all day Saturday and Sunday to catch up.

Once again, it is most important that debris be placed at or near the edge of the street as quickly as possible.

Please call Public Works at (386) 668-2040, option 8 if you have questions.
