

QUARANTINE OLYMPICS

DAY 2 - Tuesday, May 5th

Straw Challenge 2: Put a small cup in your fridge water dispenser. Put one end of your straw in the cup and other in your mouth. Start your timer and turn on the water. Drink the water as fast as you can until the water reached the top of the cup and overflows. The person who can drink the longest before their cup fills wins. If you don't have a water dispenser just time how long it takes the participant to finish a glass of water through a straw or get creative and try to pour while they drink!

Shoe Flip: Set up a small table or something a shoe can land on. Stand back as far or as close as you want from the table. Take a shoe and put your foot slightly in the opening so you can hold it up. Flip the shoe off your foot and try to have it land on the table. You can score this one on how quick someone can do it or how many times they can do it in a certain time frame. This should be done outside or in a large room or a shoe will end up where you don't want it to!

Cookie Face: Put a cookie on your forehead. The person who can get the cookie to their mouth the fastest and eats it without it falling wins!
